Publication Costs

Page charges apply to original research papers, reviews and reports at a rate of \$100 per typeset page or part page assessed. All pages are assessed for page charges.

Color charges apply to all pages with color figures. Standard rates for color charges are \$340 for the first printed page and \$150 for each additional page. Authors may choose to have images print in black and white in the print edition in order to remove the color charges. Figures will remain in color for the online version of the manuscript if this option is selected. Color reprints can only be ordered if color charges are paid.

Supplementary fees apply for any supplemental material posted with a manuscript. A flat \$100 rate for all text, figures and/or tables is assessed. Supplemental movies carry a rate of \$150 for up to five movie files and \$50 for each subsequent file.

Open Access

Authors may choose to have their manuscript made freely available online to view without a subscription or by paying a pay-per-view download fee. Prices vary based on the type of paper and the desired Creative Commons license selected.
