Subject: Opportunity to Join as Co-Author in Ongoing High-Impact Research

To:

Dear Researcher,

I hope this message finds you well.

I am **Dr. Rafael Di Marco Barros** from **Springer Journals Online**, and I would like to invite you to participate in one of our ongoing collaborative research projects in the field of **Artificial Intelligence (AI), Cybersecurity, Automation, and Robotics**.

The projects are currently approaching the final stages of publication in internationally indexed journals from **Elsevier, Springer Nature, Taylor & Francis, Wiley, and SAGE**.

If you are interested, I will provide complete details, including:

- Manuscript title and abstract
- Target journal and indexing
- Available authorship position
- Expected publication timeline
- Participation details and publication cost

This opportunity is ideal for researchers looking to strengthen their publication portfolio, collaborate with **international researchers**, and enhance their **academic visibility**. As the publication charges are shared among all co-authors, the individual contribution remains considerably lower than a **standard independent submission**.

If you would like to review the available opportunities, simply reply to this email, and I will share the projects that best match your area of expertise.

I look forward to hearing from you.

Kind Regards,

Dr. Rafael Di Marco Barros

Academic Publication Coordinator
